

MANSON TAKES OVER A CINNABAR PROPERTY

Frank M. Manson and associates have secured a bond through the agency of January Jones on what is said to be the richest known deposit of cinnabar in the west. The property is known as the Drew & Farnham mine. It comprises eight locations fourteen miles east of Mina and is equipped with a crude furnace for the extraction of the quicksilver, says the Gazette.

The Drew & Farnham mine has been operating for some time and several cinnabar mining operators have been casting longing eyes in its direction and made efforts to purchase the ground. The sale price, \$200,000, deferred them. F. C. Schraeder of the geological survey examined the mine and is said to have stated that it is the richest cinnabar mine within his knowledge. A cinnabar specialist of Salt Lake reported on the property for Manson and Charles D. Wilkinson, the Goldfield engineer, also sampled the property. Mr. Wilkinson has been named as superintendent and will take charge of the work.

Development so far has been meager and the main shaft is down but 57 feet, but is said to be in ore carrying 11 per cent quicksilver. The vein is 5 to 16 feet wide, according to report. The small furnace has a capacity of 2500 pounds per day and has been turning out an average of two flasks from this quantity of ore. It is understood that the purchasers

HOPE ABANDONED FOR KINGSTONIAN'S CREW

(By Associated Press.)
NEWPORT, R. I., Oct. 11.—The search for the crew of the Kingstonian, one of the vessels reported torpedoed by a German submarine off Nantucket last Sunday, was abandoned last night and the twelve torpedo boat destroyers that have been engaged in this work were ordered to return to port.

For the last 48 hours they have conducted their search systematically within the zone of the submarine's operations, and it is believed that any small boat drifting with a shipwrecked crew would have been seen. There is strong belief among shipping men that some merchantman bound east picked up the missing crew and proceeded on her voyage. Even if the rescuing steamer were equipped with wireless apparatus, the fact that she had the Kingstonian's crew on board might not be reported, it is pointed out, as her commander might fear to run the risk of disclosing his position to a German submarine.

The Kingstonian was last seen by the officers and crew of the Strathdene, one of the ships destroyed by the German U boat.

will equip the mine with modern furnaces without delay.

PRESIDENT'S ARMOR OF POLICY PIERCED

(By Associated Press.)
BALTIMORE, Oct. 11.—Charles E. Hughes, speaking in the great armory here where Woodrow Wilson first was nominated, last night assailed Mr. Wilson's policy toward the promotion of American trade abroad, and replied to published statements of Dr. Charles W. Eliot, president emeritus of Harvard, endorsing the president's policy.

"Dr. Eliot pierces the heart of the matter," Mr. Hughes said, "and he finds that the record of the administration means this: No intervention by force of arms to protect our foreign soil. American commercial adventures, who, of their own free will, have invested their money or risked their lives in foreign parts under alien jurisdiction."

"Think of the import of that, you who represent the best genius of the world and are thinking of using it abroad," Mr. Hughes added. "Think of that, you who it is suggested are to be asked to finance the chief undertakings of the world. Think of that, merchants, salesmen, tellers, clerks and dealers, who, in serving the world, take your place remote from your friends and safeguards, in communities where revolutions are frequent and the only respect for your flag and the power it symbolizes may stand between you and ruin and even death."

Budweiser Famed in Every City

The five big reasons WHY Budweiser sales exceed
other beers by millions of bottles are—

BECAUSE Anheuser-Busch rigorously obey every
law known to Brew-Science.

BECAUSE they pay premium prices for extra fine
northern barley.

BECAUSE they import only the cream of Saazer Hop
crops, of which their giant Storage houses contain
the world's largest supply.

BECAUSE they brew Budweiser in the finest and
largest brewing and ageing plant in the world.

BECAUSE its Quality, Purity, Mildness and exclusive
Saazer Hop Flavor are always and ever the same.
